The fee for a breakwater is \$.06 per square foot. This is an annual fee billed at the same time as the dock.

Breakwaters must be anchored in permanent locations and must have solar amber flashing lights spaced at 25 ft intervals. The minimum flashing range must be 2-3 nautical miles.

The owner of a breakwater shall be responsible for maintaining it until the permit has been properly assigned to a new owner.

Construction materials, construction and installation methods must be approved by GRDA.

Issuance of a permit for any breakwater, private or commercial, shall be withheld until the applicant has submitted a certificate of insurance from an insurance company licensed to do business in Oklahoma, showing evidence of a Comprehensive General Liability Policy with \$1,000,000.00 combined single limits. The term of such insurance shall be coterminous with the permit.

I agree to update GRDA with all address changes and acknowledge that GRDA will serve all notices and invoices related to the permit to the last address on file and/or the email address given above, if any.
